Do/Are you.....(check box if your answer is yes) <input type="checkbox"/> ..want information on LASIK <input type="checkbox"/> ..work at a computer? How many hours? ____ day <input type="checkbox"/> .. spend time outdoors? How much? __ __Hrs/wk <input type="checkbox"/> ..bothered with glare while driving at night? <input type="checkbox"/> ..have family members in need of eye care?																									

### **Cancellation/ No Show Policy**

We understand that there are times when you may miss an appointment due to unexpected emergencies. However, when you do not call to cancel, you may be preventing another patient from getting much needed treatment. If it is necessary to cancel your scheduled appointment, we require that you call at least 24 hours in advance. If an appointment is not canceled at least 24 hours in advance, you will be charged a \$25 fee; this will not be covered by your insurance. I have read and understand the cancellation fee:

Signature X \_\_\_\_\_ Date \_\_\_\_\_

### **Refraction**

A refraction is performed as part of your comprehensive eye examination, and involves measuring the type of degree of your refractive error to obtain an updated glasses prescription. If your eye glasses are purchased at our office, you have 90 days following your Comprehensive Eye Exam to return for a follow- up refraction at no charge. After 90 days, you will be charged \$45 for an updated glasses refraction if there are any problems with your glasses. If your glasses are purchased outside of our office, you may return within 30 days for a follow-up refraction at no charge. A Comprehensive Eye Examination and health evaluation is required after 6 months from your initial visit, as other health related factors can be contributing to changes in your prescription. The Glasses Prescription expires TWO YEARS from your last comprehensive eye exam. I have read and understand the Refraction fee:

Signature X \_\_\_\_\_ Date \_\_\_\_\_

### **\* Contact Lens Evaluation and Prescribing**

A Contact Lens Evaluation and Prescription is an additional service that involves measuring and prescribing the appropriate contact lens for your eye's individual needs. This service includes your trial lens and contact-lens related follow up visits for 90 days, in order to have the doctor check the contacts and ensure that you are not having any problems with the trial lenses. A Comprehensive Eye Exam is required within 6 months of obtaining a Contact Lens Evaluation and Prescription. This service is sometimes covered by your insurance as a benefit in lieu of glasses. Our fees are \$105 for a basic sphere lens; \$145 for toric ( $\leq -2.75$ ), multi- focal, or monovision lens; \$175 for high toric ( $> -2.75$ ) or combination lens; and \$450 for keratoconus fits. After 90 days, you will be charged \$49 for any additional contact lens related follow ups, and your trial period will be extended for an additional 90 days. The Contact Lens prescription expires after ONE YEAR. Upon expiration of your prescription, we are unable to sell any contact lenses without an updated prescription. I have read and understand the contact lens evaluation fee:

### **Advance Beneficiary Notice (For Patient's Using Insurance)**

Please be advised that if you are using insurance coverage for today's visit, this is a contract between you and your insurance company. If your insurance company has not reimbursed our office in full within 90 days, you will be billed for today's visit and your insurance company may then pay you directly. If by mistake your insurance company sends the payment check to us, we will of course sign over and forward the check directly to you. In the event that you are billed for your services and you do not make a reasonable effort to make payments, your account will be turned over to a collection agency. You would then be responsible for the full amount of your invoice from Family Eye Health Optometry Center, plus any fees incurred in the collection process.

Signature X \_\_\_\_\_ Date \_\_\_\_\_

### **Acknowledgement of Receipt of Notice of Privacy Policies**

Please be advised that a copy of our HIPPA policy is posted in our office, and is available by photocopy to all our patients. Please ask our staff if you would like a copy of our Privacy Policy today. I acknowledge that I have been made available a copy of Family Eye Health Optometry Center Notice of Privacy Practice.
